Fig. 1.

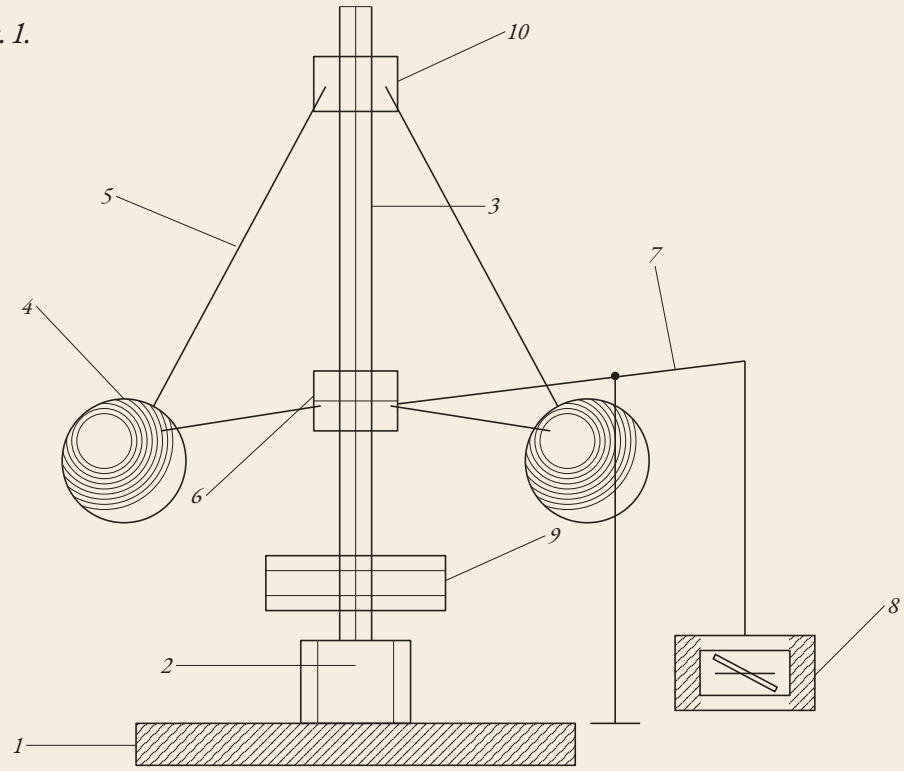

Fig. 2.

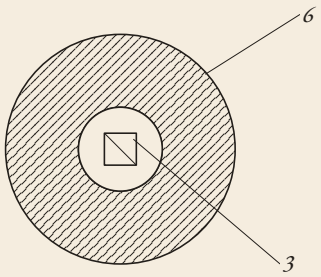

Fig. 3.

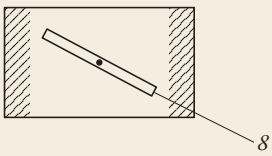

Witnesses:

Edw. Pellew
Thos. B. Carver

Inventor:

John Hargreave
by his Attorneys,
Munn & Co.

Patent plates of the period share a small vocabulary: a sheet heading with inventor, title, number, and date; italic figure numbers; parts identified by numerals on plain leader lines; sections shown by hatching at forty-five degrees; round parts modelled by curved line shading; and signature lines for witnesses and inventor. All of it is ordinary text and TikZ paths.
